*FILO COMPUTERS EST.*

---

## ❖ [about us](#)

Since it's founding in 2010, FILO Computers Est. has established its credentials as a dependable technology service & solutions provider in U.A.E. FILO Computers specialize in Security systems for homes/ offices, Voice/ Data cabling and Hardware/ Software solutions. We also assist clients with simple Website designing and offer 24/6 Hardware maintenance/ support.

Our technical staff has extensive experience in the implementation and support of world class Security systems, Telecommunications and Data solutions. In comparison to other consulting companies and resellers, FILO Computers Est. differentiates itself from competition by its focused market approach, product/ technology knowledge and its extensive experience with a wide range of IT projects.

Filo Computers Est. shares a strategic business relationship with a wide range of small, medium and large companies in U.A.E. Our success in establishing and maintaining cordial long-term strategic relationships with our clients stems from our business philosophy;

We have offices in Al Ain, U.A.E and have satisfactorily served clients across U.A.E.
